

Beyond The Columns

A poster session for MU Undergraduate Researchers to present their summer research projects that were conducted off-campus!

Tuesday, September 13, 4:30 - 5:30 p.m.
McQuinn Atrium, Bond Life Sciences Center

Beyond the Columns is an annual event for MU undergraduates who conducted research at another institution, abroad, or at a field site to showcase their projects. It is also an opportunity to invite friends, instructors, and advisors to see what you did over the summer.

We provide poster boards (45"x45") and push pins. You will provide your poster. **Please confirm with your summer mentor that you have their permission to present your project at MU.**

Complete the below form, save the file as "your last name, BTC Application", and email it to ugr@missouri.edu by Thursday, September 8, 2016.

Name: _____ Year in School: _____

Major: _____ MU faculty research mentor: _____
